

Spencer J. Cox

Governor

## Declaration

Whereas, better mobility enhances the quality of life in Utah by improving health, reducing air pollution, and connecting people to places and each other;

Whereas, Utah's economy depends on roads for community development;

Whereas, well-maintained asphalt on Utah's roads creates better mobility, strengthens our economy, and allows it to thrive by improving, preserving, and optimizing our infrastructure;

Whereas, the Utah Asphalt Pavement Association and its members partner with the great state of Utah to actively design, build, widen and maintain roads, while also optimizing existing structures;

Whereas, the state's leaders recognize that wise stewardship of taxpayer funds and their allocation for timely maintenance costs less money than neglect;

Whereas, UAPA and the great state of Utah are at the forefront of using technology for traffic management, crash management, and the gradual implementation of EVs and autonomous vehicles; and,

Whereas, UAPA makes UDOT better by uniting many separate organizations and allowing them to speak with one voice, thereby benefiting the entire state and the transportation industry;

Now, Therefore, I, Spencer J. Cox, governor of the state of Utah, do hereby declare  
May 10, 2022, as

**The 10<sup>th</sup> Anniversary of the Utah Asphalt Pavement Association**

Spencer J. Cox  
Governor
